To Amateurs and Brother Dealers:

The fair prices, obtained for antique coins at the sale of part fourth of the Anthon Cabinet, have induced a European collector, relinquishing the pursuit, to send his collection to New York for the disposal of the same at public sale. I am instructed to sell it *without reserve.*

I believe that the description of the types, legends and condition of these coins will be found accurate, and I positively guarantee the perfect genuineness of one and all of them.

GASTON L. FEUARDENT.
